General Activities

FISHBOWL Charades

Amount of people needed: 4 or more via Zoom (Even number of people to split into two teams)

Rules:

1. To start out, you will give one person on the team that is going first a list of words to try to get their teammates to guess. (Give them 10-15 words to last the whole minute) (Use the lists below for ideas)
2. The 1-minute timer will start as soon as they start acting/saying words to get their team to guess.
3. The player will then use words/acting to get their teammates to guess the word or phrase that they were given. They can't say any of the words that are given to them. For example, if the word is "Cheeseburger" they might say "You eat this at McDonald's" or pretend to eat a cheeseburger.
4. If the player thinks the word or phrase is too hard, they can "pass" and go on to the next word.
5. If the team successfully guesses the word, they get a point for that round.
6. After 1 minute has elapsed, the other team gets their turn. They also have 1-minute to guess as many words as possible.
7. Continue to do steps 1-6 for as many people there are on each team. Everyone who wants to act goes once for their team.
8. The team with the greatest number of points at the end of all the rounds wins!
